

Dreyfus Investment Portfolios: Small Cap Stock Index Portfolio – Service Shares

Dreyfus Investment Portfolios: Small Cap Stock Index Portfolio – Service Shares

Information as of 03/31/2019

Description:

The fund seeks to match the performance of the Standard & Poor's® (S&P) SmallCap 600 Index. To pursue its goal, the fund invests in a representative sample of stocks included in the S&P SmallCap 600 Index, and in futures whose performance is tied to the index, rather than attempt to replicate the index. This is an aggressive investment.

Small and midcap companies carry additional risk because their earnings and revenues tend to be less predictable and their share prices more volatile than those of larger, more established companies. In addition, shares of smaller companies tend to be less liquid than shares of larger, more established companies. The shares of smaller companies tend to trade less frequently than those of larger, more established companies.
